Multi RTU™

A Three in One, Ready-to-Use Biological Product for Mopping, Foaming, and Treating Drains

InVade™ Multi RTU™ is a multi-purpose, three in one, ready-to-use biological product. InVade Multi RTU contains premium microbes, foaming agent, cleaners, and proprietary citrus oil. Because of its versatility, it makes a great add on sale or it may simply be used to replace three separate products and save space. Each one quart bottle comes with a foaming trigger sprayer for easily spraying scummy areas and drains. For a thicker foam, the undiluted product can just be

Multi RTU™

Cleans Without Harsh Chemicals or Odors

3 in 1 Foaming, Mopping, Drains

Directions for Use
InVade™ Multi RTU™ contains premium, natural, scum-eating, odor eliminating microbes, citrus oil, cleaners and foaming agent.
Foaming: Place in the Foamer Simpson or similar hand foamer or power foamer.
Mopping: Apply 4 oz to a standard bucket (about 3 gallons) of warm (not scalding hot) mop water. No other cleaners are needed. After mopping, pour remaining mop water in drains. For best results, use at least three times a week. Do not rinse treated areas or use bleach, caustic cleaners or disinfectants in mop or spray water.
Drains: Moisten drain with warm water (1-2 gal) if not used regularly, and apply at low drain usage times of the day. Apply 4 oz to each drain around the edges to coat the sides of the drain. Repeat daily for 5-7 days and then every 1-2 weeks for ongoing maintenance.

Do not apply to direct food contact surfaces. This product will not be harmed if blended with an IGR and/or pyrethroid or non-repellent insecticide. The applicable pesticide label must be followed in this instance. Do not blend with other chemicals. Contact us for recommendations for other applications.

Precautions: Keep out of reach of children. If more than an incidental amount is swallowed, seek medical attention immediately. Give one glass of water and do not induce vomiting. Wash hands well after use. If in eyes, remove contacts and flush with water for 15 minutes. Seek medical attention for any persistent irritation. Store in a closed, appropriately labeled container between 35 and 95 °F.

poured into the Foamer Simpson or another foamer. For mopping, 4 oz is used in a standard mop bucket. No other cleaning agents are needed. InVade Multi RTU may also be poured directly into problem drains.

InVade Multi RTU™ Material Safety Data Sheet - InVade™ Multi RTU

Section 1: Identification: Manufacturer: Rockwell Labs Ltd 1512 Taney St., N Kansas City, MO 64116	Product Name: InVade™ Multi RTU Prepared By: SVT 8/09 Telephone: 866 788 4101	Emergency (Spills): Call CHEMTREC Domestic: 800-424-9300 International: 730-527-3887
---	--	---

Section 2: Hazardous Ingredients: (Per 29 CFR 1910.1200) Material: None HMIS® Ratings:	CAS No.: N/A %: N/A TWA: N/A Health: 0 Flammability: 0	STEL: N/A Physical Hazard: 0
--	---	---

Section 3: Composition Information: The product is composed of a premium blend of waste-digesting, non-pathogenic, certified Salmonella and Shigella free, Bacillus bacterial spores, surfactant, citrus oil and foaming agent.

Section 4: First Aid Measures: Skin Contact: Remove contaminated clothing and wash with soap and water. For any persistent irritation, contact a physician. Ingestion of more than an incidental amount: Contact physician immediately. DO NOT induce vomiting. Eye Contact: Flush with water for 15 minutes. For any persistent irritation, contact a physician. Inhalation: Remove to fresh air and get medical attention if difficulty breathing persists.

Section 5: Fire Fighting Measures: Extinguishing Media: water or foam as appropriate for surrounding materials; Flash Point: >200°C; Flame Extension: N/A; Auto Ignition: N/A; Self contained breathing apparatus and protective clothing should be worn when fighting fires involving chemicals. Keep fire-exposed containers cool with water spray. Flammability limits in air, % by vol: 1.1-19. Unusual fire or explosion hazards: Fire and explosion hazards are considered minor.

Section 6: Accidental Release Measures: Wipe up and dispose of in proper container. Large spill: contain spill and soak up with absorbent material and place in proper disposal container. Clean the area with detergent and water.

Section 7: Handling and Storage: Store in closed containers between 35 and 95 °F. Avoid freezing.

Section 8: Exposure / Personal Protection: Wash hands thoroughly after use. Rubber gloves are recommended as with all chemicals. Ventilation: wear NIOSH/MSHA organic vapor respirator if ventilation is poor; Respirator: wear NIOSH/MSHA organic vapor respirator if ventilation is poor; Eye protection: Chemical splash goggles recommended.

Section 9: Physical and Chemical Properties: Vapor Pressure: similar to water; Vapor Density: similar to water; pH: 8.1 - 8.5; Viscosity: not known; Percent Volatiles by Volume (25°C): <5%; Appearance: orange viscous liquid; Odor: fresh oranges; Specific Gravity: 1-1.1; Solubility: water miscible; Evaporation Rate: similar to water

Section 10: Stability and Reactivity: Stability: stable; Material Incompatibility: strong acids and bactericidal compounds; Hazardous Polymerization: will not occur; Hazardous Decomposition Products: if all water is drawn off, burning may result in release of carbon, nitrogen, and sulfur oxides or other toxic materials depending upon combustion conditions. Conditions to Avoid: open flame, heat, spark

Section 11: Toxicological Information: Eye Contact: may cause irritation; Skin Contact: may cause irritation; Inhalation: prolonged exposure may cause drying or irritation; Ingestion: more than incidental amount may cause gastrointestinal symptoms; Systemic/Other Effects: not known; Carcinogenicity: NTP - not listed; IARC Monographs - not listed; OSHA - not listed; AGIH - not listed.

Section 12: Ecological Information: Product is non-toxic to fish and marine invertebrates when used as directed.

Section 13: Disposal Considerations: Wastes resulting from use may be disposed of on site or at an approved waste disposal facility. Dispose of wastes in accordance with all Federal, State, and Local laws.

Section 14: Transport Information: DOT Shipping Name: None required; DOT Hazard Class (49 CFR 172.101): non-hazardous; DOT Labels: not required; Freight classification: LTL Class 60

Section 15: Regulatory Information: This product contains no substances reportable by CERCLA or SARA Title III Section 313, Section 302, or Section 311/312.

Section 16: Other Information: Warranty: The information provided in this Material Safety Data Sheet has been obtained from sources believed to be reliable. Rockwell Labs Ltd provides no warranties, express or implied, and assumes no responsibility for the accuracy and completeness of the data contained herein. This information is offered for your consideration and investigation. The user is responsible to ensure that they have all data relevant to their particular use.
