

OutLAST Pro™

foaming agent

Long Lasting Foaming Agent that Outlasts the Competition

Product Codes:

OPFA016: 16 fl oz squeeze-n-measure bottle

OPFA128: 1 gallon jug

Broad-use, Proprietary Adjuvant
Can be used for foaming termiticides, insecticides and cleaning products, as well as foam making.

Produces Thick, Long Lasting Foam

With less drainage of liquid from the foam.

Longer Lasting Foam Means Better Results

Foam lasts 2 - 3 times longer and sticks better compared to other foaming agents.

Lower Surfactant Load and Leaves Less Residue

When compared to other foaming agents.

Compatible with Pesticides and Cleaning Agents

Caution Signal Word

Exempt From California's Prop 65 List of Known Carcinogens

Rates 1/2 - 8 oz per Gallon
