

EcoVia CA & EcoVia WD get the job D-O-N-E

Minuteman Pest Control

When it comes to taking care of roaches, Rockwell's **EcoVia** product line is proven to get the job done! Minuteman Pest Control, of Western Massachusetts, states that, "we have found that using **EcoVia CA contact aerosol** and **EcoVia WD wettable dust** as alternative for roach treatments in our sensitive accounts have proven to be effective at controlling roaches."

EcoVia™ WD wetable dust

Rockwell's EcoVia product line offers highly effective, broad spectrum insecticides that meets customer and regulatory demands for a green solution. The research-based botanical insecticides provide the application flexibility without pyrethroid or neonicotinoid application restrictions, creating a wide range of label flexibility.

Being
EPA
Exempt

allows Minuteman Pest Control to tackle a variety of pest problems while still being able to suit the customers' needs.

"The products are classified as 25(b) exempt minimum risk pesticides, which goes a long way with customers, especially in regards to sensitive accounts. The pleasant fragrance is also a plus and appreciated by our customers. Both products have shown substantial knock down power and proven themselves as reliable alternatives in our Pest Management tool box."

When asked about Rockwell's sales rep, Pat Ryan, the Minuteman team could not be more than pleased. "Pat Ryan has been a pleasure to work with. Pat is a true professional and is always willing to lend a helping hand when asked."

Minuteman Pest Control has been serving Western Massachusetts since 1976. They are an IPM certified company with the state of Massachusetts, Quality Pro Certified since 2010,

EcoVia™ CA contact insecticide
